Friday 28 January 2011

	J. N. Tata Auditorium	Hall A	Hall B	Hall C
09:00 AM – 12:20 PM	Electroencephalogram (EEG)	Collaborative filtering	Backhaul transport network	
12:20 PM – 01:30 PM	Lunch			
01:30 PM – 04:50 PM		Compressed sensing and applications	Fibre to the premises	Reinforcement learning
04:50 PM – 05:30 PM	Tea Break			
05:30 PM – 07:00 PM	Inauguration and Plenary Talk (Vijay Kumar Saraswat)			
07:30 PM	Dinner (Main Guest House Lawn)			

Saturday 29 January 2011

	J. N. Tata Auditorium	Hall A	Hall B	Hall C
09:00 AM – 10:00 AM	Plenary Talk (Subhasis Chaudhuri)			
10:10 AM – 11:25 AM	Communication and information theory	Authentication and identification	Antennas	Networks performance analysis I
11:25 AM – 11:45 AM	Tea Break			
11:45 AM – 01:00 PM	Speaker verification and recognition	MIMO	Optical communications	Next generation networks I
01:00 PM – 02:00 PM	Lunch			
02:00 PM – 03:30 PM	Invited Talks - Communications	Invited Talks - Signal Processing	Invited Talks - Networks	
03:30 PM – 04:00 PM	Tea Break			
04:00 PM – 05:00 PM	Invited Talk - Indian Languages Processing			
05:00 PM – 06:00 PM	Sponsors' Talks			
06:15 PM – 07:30 PM	IEEE Panel Discussion			
07:30 PM	Dinner (Main Guest House Lawn)			

Sunday 30 January 2011

	J. N. Tata Auditorium	Hall A	Hall B	Hall C
09:00 AM – 10:00 AM	Plenary Talk (K. Giridhar)			
10:10 AM – 11:25 AM	OFDM	Image and audio processing applications	Ad hoc and sensor networks	Microwaves I
11:25 AM – 11:45 AM	Tea Break			
11:45 AM – 01:00 PM	Speech processing I	Image processing	Microwaves and channel models	Networks performance analysis II
01:00 PM – 02:00 PM	Lunch			
02:00 PM – 03:35 PM	Signal processing for communications	Speech processing II	Networks: social and wireless	Microwaves II
03:35 PM – 04:00 PM	Tea Break			
04:00 PM – 05:15 PM	Compressed sensing and sparsity	Communication theory and cognitive radio	Image and video processing	Next generation networks II
